## PROFILE

A dedicated architect, graduated from the German University in Cairo, with a bachelor's degree from Universität Stuttgart Fakultät für Architektur und Stadtplanung. I have invested five years in acquiring knowledge and skills vital to my growth as an architect and shaped my perspective through a comprehensive curriculum, as well as experimenting with different projects abroad. This journey has equipped me with a diverse set of techniques and insights, elevating my expertise in design and construction methodologies while nurturing an eye for detail.

---

---

#### RELATED EXTRA-CURRICULAR ACTIVITIES

Apr 2023 — Apr 2023	DA! Architecture Exhibition	Berlin, Germany
I attended an exhibition spotlighting a variety of materials and approaches for improved sustainability and architectural excellence.		
May 2023 — May 2023	Laboratory of the Future Biennale	Venice, Italy
Participated in the international Architecture Exhibition showcasing contributions from select nations. Attending the Biennale provided me with the opportunity to engage with the advancement of sustainable architecture for a progressive future and opened my mind to the innovations countries have planned for the future.		
Sep 2024 — Dec 2024	Interior Design Course	Cairo
Participated in an interior design course with an initiative to create a uniquely designed space for a client with a set of moodboards, technical drawings, and visualization renders.		
Feb 2025 — Jun 2025	Emergency Architecture Course	Cairo
Participated in a humanitarian course in which we provided emergency architecture designs, solutions, and proposals in order to cater for refugees and create safe spaces for them, in collaboration with TU-Berlin.		

---

#### ADDITIONAL EXPERIENCES

Apr 2023 — Jul 2023	Retail Worker, UNIQLO	Berlin, Germany
Developed strong multitasking skills under pressure during customer surges and refined ability to communicate patiently with customers on a daily basis.		
Jun 2023 — Jul 2023	Night Auditor, Premier Inn	Berlin, Germany
Worked as a night auditor, which enhanced my attention to detail and customer service proficiency, allowing me to cater to customer needs effectively.
